

Sustainable Wealth Management Announces Annual Index Rebalance

Calgary, AB, June 30, 2010 – Sustainable Wealth Management, an independent provider of energy focused investment indices, today announced the rebalancing of its indices. The annual rebalance resulted in the removal of Oilsands Quest (BQI on AMEX) and the addition of Athabasca Oil Sands Corp (ATH – TSX) in both the SWM Oil Sands Sector[®] and SWM Canadian Energy Income[®] indices. The indices form the basis of two Claymore ETFs available in North America and several Royal Bank of Scotland investment certificates in Europe.
